Software

To complete your Macintosh computer system you will need software to suit the task you wish to carry out.

You can choose from the many thousands of apps that are available and we will always be pleased to advise.

Art & Design

Adobe Photoshop Elements Version 14 (ADOS006)

£64.50

Compatible with you Mac or PC, Photoshop Elements provide an affordable, but still powerful alternative to Adobe's line of professional photo editing apps.

Adobe Photoshop Lightroom Version 6 (ADOS007)

£95.00

Compatible with you Mac or PC, Photoshop Lightroom 6 gives you all your digital photography tools in one fast, intuitive app including simple and advanced controls. It also allows you to easily share photos from your library with social networks or showcase your photos in other ways.

Productivity

Parallels Desktop 11

£49.95

Full operating system virtualisation program. Run Windows alongside your Mac! (PARS005)

Microsoft Office Home and Student 2016 1 User - no media (MICS031)
