Third-party software sold separately. <sup>1</sup>Display size is measured diagonally. <sup>2</sup>iPhone 7 and iPhone 7 Plus are splash, water and dust resistant, and were tested under controlled laboratory conditions with a rating of IP67 under IEC standard 60529. Splash, water and dust resistance are not permanent conditions and resistance might decrease as a result of normal wear. Do not attempt to charge a wet iPhone; refer to the user guide for cleaning and drying instructions. Liquid damage not covered under warranty. <sup>3</sup>Available space is less and varies due to many factors. A standard configuration uses approximately 4GB to 6GB of space (including iOS and built-in apps) depending on the model and settings. TM and © 2016 Apple Inc. All rights reserved.
